

Rejuvenate Rx Joins Team for Mrs. Washington Rejuvenate Sponsors Spokane's Mrs. WA For Mrs. America Quest

For immediate release: May 7, 2013

(Spokane, WA) Rejuvenate Rx's team is so pleased to join the support crew for Spokane's own Amy Clark, Mrs. Washington 2013. She's currently on track to compete for Mrs. America this August.

Rejuvenate's Dr. Gwyn says, *"We believe in dreaming big, and Amy is a great example of someone who dreams, creates a plan, and takes action. She takes her role as a servant leader seriously, and sparkles from the inside. We want her image to match. Skin care... that's our specialty."*

Mrs. Washington, Amy Clark, is an elementary music teacher who first won Mrs. Spokane County in 2011. She competed for Mrs. Washington in 2012 and earned her spot as runner up. In 2013, she brought home the crown as Mrs. Washington and will now compete in Mrs. America Aug. 28, 2013.

Clark says, *"It's been an amazing journey of setting and achieving personal goals. Winning the title last November was just icing on the cake-really great icing!! I'm honored to now represent our state at Mrs. America and am excited to be a spokesperson for the Hope Heart Institute (Mrs. Washington's state charity) and promote my platform of "Heart for Service-every person can serve."*

Dr. Gwyn and her team at Rejuvenate have been taking care of Clark for the past couple of months. Clark suffered from adult acne, which could be painful and challenging. Clark continues, *"I had more acne at 32 than I'd had as a teenager. This was very frustrating! Not only did I have to deal with acne, but I had cope with it at a time in my life that I was in the public eye."*

The team assessed Clark's skin and prescribed an at-home skin-care plan as well as a regiment in the clinic. Clark praises the experience; *"The whole visit is comfortable and relaxing with Dr. Gwyn explaining every step of the process. Now, after five visits, my skin looks amazing and I have been able to ditch the concealer and thick foundation for a simple mineral powder!"*

Rejuvenate considers Clark family, *"she's passionate about service, dedicated to her platform, and committed to taking care of herself so she can care for others. Our team here at Rejuvenate Rx is honored to support Amy and her dreams. Good luck on the national stage in August!"*

Rejuvenate Rx provides physician directed skin care and convenient medical care (yes, come in for Botox and your sinus infections). For lively, interactive interviews, please contact Lucinda Kay at 509-325-3623 or Lucinda@lucindakay.com.
